Blind Veterans to Sell Flags as Fund Raising

With a two-fold goal, the Blinded Veterans of Southern California, Inc., have initiated a drive to sell inexpensive National Flag kits to homes and small businesses.

The campaign is geared to bring every residence and firm the American flag and standard in what is hoped will become a national patriotic program. Proceeds go to rehabilitation work and care of blinded veterans, according to Oliver Bacon, president of the BVSC, and George Gillespie, secretary, World War II veterans blinded in combat.

The flags, they said, are of approved hunting 2 1/2 by 4 feet, attached to a light aluminum pole with gold-tinted ball, easily hooked to or removed from a screw base.

Commander-elect Sam Freedman announced that William Randolph Hearst Post, Veterans of Foreign Wars, will support the Blinded Veterans in their drive, and added that his unit is also sponsoring a new national custom of displaying the flag on Sundays as well as holidays.

Additional support will be sought from Boy and Girl Scout groups, PTA units and other civic organizations.

Any person who desires a flag kit, expected to sell at \$5, telephone DAVIS 43793, DUNKIRK 87965, or the BVSC at Michigan, 9361.

Motorists should keep a safe distance between automobiles, the Automobile Club of Southern California says. Allow at least one car length for every 10 mph of speed. For example, at 30 mph there should be at least three car lengths distance between one car and the other.

Gunter Back in Gardena Races

Fabulous Al Gunter, who was unbeaten all season here last year, will return to the Southern California motorcycle racing wars in mid-summer and was out for many weeks.

Al got back on a bike in the recent Daytona Beach 200-miler and was running well up in the pack before his cycle quit. The great Gunter, if he can regain his 1957 form, looms as the scourge of the Gardena one-third mile track this season.

Smoking a cigaret in a car is all right, but taking chances while you light up is a dangerous practice, the Automobile Club of Southern California says.

For safety, motorists should keep their eyes on the road and both hands on the wheel.
